

## Declaration of Second Major

---

*Mason Gross School of the Arts students may declare and complete a major in a liberal arts field, along with their B.F.A. or B.Mus. program. Students pursuing this option will still receive a B.F.A. or B.Mus. degree; their transcripts will also indicate the completion of a second major in a liberal arts subject. This option does not provide for the declaration of a second degree, nor does it permit Mason Gross students to complete the liberal arts version of a Mason Gross major. This means that a Mason Gross student completing a B.F.A. or B.Mus. degree cannot complete a second major in another Mason Gross concentration. The Mason Gross major field of study will remain the priority toward graduation. In order to receive your diploma, the requirements for both the Mason Gross degree and second major must be completed before graduation.*

### **Procedures:**

- A second major in a liberal arts area can be declared at any time.
- Students interested in pursuing the second major must complete this declaration form upon reviewing course requirements with the supporting liberal arts department (see other side).
- The supporting liberal arts department sets forth the major requirements on the declaration form and signs for approval. Students pursuing a second major must satisfy all department requirements, including stipulated grade requirements, to complete the second major.
- Once the department for the second major has approved the student's proposal, return this completed form to the Mason Gross School of the Arts Dean of Students, who will certify the second major. The second major will be noted on the student's transcript by the Undergraduate Registrar's Office.
- All requirements for the B.F.A. or B.Mus. and second major must be completed at the time of graduation in order to receive your diploma.
