

## **Prerequisite Waiver Instructions**

Transfer students who believe they have already mastered the content of specific Mason Gross courses that are prerequisites to advanced courses may apply for a prerequisite waiver and be placed out of the course. A prerequisite is waived upon positive portfolio review by area faculty. Please be aware that these courses cover a very specific set of skills and concepts. In order to be placed out of a course, we must see that the material has been covered successfully. Please be aware that although you may have taken a course that has the same name unless you have successfully covered the same material as the course offered by Mason Gross, you may not be eligible to place out of the course.

Please submit your images for each course on Slideroom. Submit a minimum of 15 slides per course for which you wish to be placed out of.

For each image include:

COURSE TITLE

DESCRIPTION OF THE ASSIGNMENT

YEAR

MEDIUM

SIZE

Upload the course syllabus if that is available in digital form.

Slideroom sets a maximum of 40 images per submission. If you need to exceed this start a new submission titled "Your Name 1".
