Liberal Arts Course	3		
Liberal Arts Course (if needed)	(3)		
Mon/Wed/Thurs: On Campus Coursework--Tues/Fri: Field work			
TOTAL	15		

Music Education - Vocal/General Concentration Notes

1. Expository Writing (01:355:101) is required, and must be taken in the first semester of enrollment (unless you are placed in a lower-level writing course, in which case you would take the required English courses in sequential order according to your placement. The initial placement in writing is determined by the Basic Skills test).
2. It is recommended that the required Liberal Arts math course be completed in the first year.
3. The required Liberal Arts courses are distributed for balance among the semesters before Clinical Practice II. Other distributions are possible, and many Music Education majors decide to take some of these courses in the summer.
4. Many of the music courses in the sample curriculum may also be taken in other semesters. The distribution that is shown here is one that works. Keep in mind that not all courses are offered every semester or every year. If you are considering a change to the suggested distribution, you must consult with your advisor to make sure the new one will be suitable.
5. Music History I-II (700:301-302) must be taken in sequence.
6. Principles of Ethnomusicology (700:303) is usually offered in every semester.
7. One Special Studies in Music History (700:419 or 700:420) course is required; 700:419 is usually offered in the fall, and 700:420 is usually offered in the spring. The specific topic will change from semester to semester. Either course satisfies 3 credits of the Liberal Arts Humanities Area requirement.
8. Choral Music Education Lab I (700:287) and Choral Music Education Lab II (700:387) are offered in the fall semester of every even-numbered year; Choral Music Education Lab I is taken in the Fall semester of either the first or second year; Choral Music Education Lab II is taken in the Fall semester of either the third or fourth year.
9. Materials & Methods in Elementary School Music (700:381) is taken in the fall semester of the third year, and Materials and Methods in Secondary Choral Music (700:382) is taken in the spring semester of the third year.
10. The Chamber Music requirement may be satisfied by Chamber Music (701:355, 356, 455, 456), Opera Workshop, or by one of the small ensembles listed in the Music Undergraduate Handbook.
11. The total credits required for graduation are 121. The courses listed in the sample schedule add up to more than that total reflecting a) 7 credits for Music Assembly that do not count towards graduation, and b) the possible necessity of taking up to 4 semesters of Classroom Piano (701:159, 160, 259, and 260) to pass the required [Piano Proficiency Examination](#).
